Serial No.

A cheque for Rs 5,000 for the Malaria Stations from the 1st October 1928 to 30th September 1929 has already been received and the cheque now received therefore relates to the Rural Health Units from the 1st March 1929 to 28th Feb 1930 (March 31st in the P.W.D is approximate a mistake for March 1st, as otherwise this period for which the contribution is received would be less than a year) This will be otherwise intimated to the Sanitary Engineer & the Comptroller.

b) The budgets received with the papers under disposal do not give details about establishment & compare with provisions made in the state budget (draft) for 1930-31 as detailed below:-

Sir Mr. Mieldazis' letter makes out that the sum of Rs 5,000 now received from the Foundation is on account of their contribution towards (1) malaria stations & (2) Rural Health Unit for one year from 1st March (31st March mentioned by him appears to be a slip) 1929 to 28th Feb. 1930

2) Under the agreement with the R. F. the Foundation has agreed to contribute for a period of 2 years, a sum of Rs 5,0 for each of the two items mentioned abo

(a) The work of the malaria stations c commenced from 1st october 1928, and ~~Accts~~ already received a draft for Rs 5,0 for the 1st year ending 30th September 192 The Contribution. The 2nd year is due on 1st october 1930. On the other hand, th Rural Health Unit work commenced from 1st March 1929 and ~~payment~~ Co tribution therefor was due for the 1st year ending 28th Feb. 1930. It was perhaps the contribution that was the subject matt of the cheque received with Mr. Miel letter under advertence. This point ha to be cleared.

(b) In regard to parag. 2 of the lett the understanding was that ~~so far~~ so far as the Rural Health Unit wa concerned the ~~Foundation~~ Foundation would contri

Rs 5000 towards a budget of Rs 13,000 and ~~one~~ for the Malaria stations another Rs 5,000 towards a budget of Rs 15,000 The Govt have accordingly provided in the state budget even larger sums than stipulated Mr. Mieldazis, however has forwarded two budgets received from the R.D., in regard to these items. It is also stated that they supersede the previous budgets. These latter had not been forwarded to Govt and it is not possible to say ~~how the~~ where the present ones differ from the previous ones. The Govt were not also consulted in regard to all the figures adopted in the ~~previous~~ budgets now received. It has, however, to be noted that the expenditure on both the items is included ~~in~~ under the head "Dis. Distt charges ~~in~~ on page 52 of the state budget. Analizing the figures under each of the two items in question, according to the details given on page 140 of the budget, the following allotments are arrived at:

16) I have carefully gone over the file and also consulted Mr. Meildazis about his letter No. Nil dated 14th July 1930. It appears, that all confusion in regard to figures has arisen partly through a difference in the year periods of original and revised Budgets, (some of which have not been received by Government in time; for example budget No. 65597 dated 16th June 1930,

Note—Contn. Sheet

sent with Mr. Meildazis's D.O.No. 95 of 22nd July 1930), and partly through certain errors that have crept in by oversight in Mr. Meildazis's letter referred to ~~in para 3 supra~~ above.

The original budgets were based on calender years, while the revised budgets have been based on periods, reckoned from actual dates on which the work in the Malaria Experimental Stations and Rural Health Unit commenced In Mr Meildazis's letter, the Rockefeller Foundation contribution of Rs. 5,000/- remitted by him, is stated to be towards Malaria Stations and Rural Health Unit demonstrations, while it is only towards Rural Health Unit as is evident from budget No. 65583 of 9th June 1930. Again the period is noted to be March 31, 1929 to February 28, 1930, whereas it ought to be 1st March 1929 to 28th February 1930. If these corrections are made the situation becomes clear. Also the liabilities of Rockefeller Foundation for two years of work in the Malaria Stations and Rural Health Unit, come to be admitted. Payment may be expected as they fall due. The Rockefeller Foundation has paid Rs. 10,000/- (Rs. 5,000/- through Dr. Sweet for Malaria Stations and Rs. 5,000/- through Mr. Meildazis for Rural Health Unit), for one completed year's work in each of these sections. The balance of Rs. 10,000/-, the Foundation have budgetted for, in their revised budgets and will be paid in due course on the expiry of their relative half yearly periods.

A statement is herewith attached which will clearly show the dates on or after which the several instalments totalling Rs. 10,000/- fall due.

Period of operation	Amount due from Foundation.	Amount received	Balance	Remarks.
1-10-1928 to 30-9-1929 (one year)	Rs. 5,000	Paid by Dr. Sweet on 1-5-1930.	Nil	Provided for in Budget No.65582 of 9-6-30 for one year
1-10-1929 to 30-9-1930 (one year)	Rs. 5,000	Nil	Rs.5000	
1-3-1929 to 28-2-1930 (one year)	Rs. 5,000	Paid by Mr. Meildazis on 14-7-30	Nil	Provided for in Budget No.65583 of 9-6-30 for 1½ years
1-3-1930 to 31-8-1930 (half year)	Rs. 2,500	Nil	Rs.2500	
1-9-1930 to 28-2-1931 (half year)	Rs. 2,500	Nil	Rs.2500	Provided for in Budget No.65597 of 16-6-30 for half year.

From the above it may be observed that the Foundation's liability for the period ending 30th September 1930 will be Rs. 5,000/-, on account of Malaria Experimental Stations and for period 1st of March 1930 to 28th February 1931, on Rural Health Unit, will be another Rs. 5,000/-. Possibly these amounts may be expected to be realised as hereunder.

Rs. 2500 after 28th February 1930 on Malaria Stations.

Rs. 2500 after 30th September 1930 on Malaria Stations.

Rs. 2500 after 31st August 1930 on Rural Health Unit.

Rs. 2500 after 28th February 1931 on Rural Health Unit.
